- Bluetooth® connectivity, speakerphone & built-in answering machine that captions messages

There's no need to let hearing loss impact the connections that matter most in life. Whether it's with family, friends, business contacts or healthcare professionals, it's our ability to **connect, communicate and collaborate with others** that makes our lives whole. For people with hearing loss, a simple thing like a telephone conversation can become an obstacle. But with the right technology, that obstacle melts away, leaving meaningful connections that matter.

The Hamilton® CapTel® captioned telephone is the most advanced captioned phone available. It's possible to **listen and read captions of what's said over the phone** ensuring clarity on every call – eliminating the frustration even a simple phone call can make.

With a qualified hearing loss, you are eligible to **receive a Hamilton CapTel phone at no cost.*** Choose the Hamilton CapTel phone that's right for you, complete the Certificate of Hearing Loss/Order Form with your healthcare professional and submit the form (see reverse).

*Independent third-party professional certification required.

Third-party charges may apply; the Hamilton CapTel phone requires telephone service and high-speed Internet access. Wi-Fi capable. Third-party trademarks mentioned are the property of their respective owners.

APPLICANT CERTIFICATION

I understand that Internet Protocol Captioned Telephone Service (IP CTS) is regulated and funded by the Federal Communications Commission (FCC) and in order to obtain a Hamilton CapTel phone at no cost, I must provide valid certification that I have a hearing loss necessitating the use of captioned telephone service. Hamilton CapTel is not responsible for charges incurred in obtaining certification. I also understand that I may be required to provide the last four digits of my social security number and date of birth upon registering my Hamilton CapTel phone.
